The South Australian Sports Institute (SASI) identifies, develops and supports athletes with the potential to perform at the highest national and international levels of sport.

We work with sporting partners to conduct world-class intensive coaching and training programs and individual scholarship programs.

SASI is committed to delivering leading edge scientific and technical services, whilst supporting the holistic development of athletes, coaches and staff.

Robert Gerard AO Emerging Athlete Development Fund

The Robert Gerard AO Emerging Athlete Development Fund was originally established in May 2007 and has provided financial assistance to South Australian athletes since 2009. Its charter includes the provision of support to next generation elite athletes, particularly those competing at the Junior/Under 23 World Championship/International level or equivalent.

In three years the Fund has provided over \$90,000 in grants to 50 individual athletes.

The Fund is operated by an independent Board with assistance from the South Australian Sports Institute, who considers applications for funding twice annually. Priority for support is provided to athletes who compete in sports and disciplines contested in Olympic, Paralympic and Commonwealth Games.

2011 Robert Gerard AO Emerging Athlete Development Fund Grant Recipients
